## LEADERSHIP TRANSITION

The transition of leadership was formally completed February 1, 2016. We anticipate many opportunities meeting long term adherents of the ministry and developing new partners as the work advances.

## MINISTRY TRIPS

*For the last two weeks of February we are representing SGA in Florida—somebody has to do it! We will serve as the speaker and resident pastor at a seniors Christian RV park. We are looking forward to being with dear friends and meeting new ones.*

*March 5-8, Bill will be visiting our Maritime Coalition of churches. They have had a strategic relationship in Nizhny Novgorod, Russia, for a number of years. Later in the month we will visit our US office, developing significant working relationships and speaking at their staff chapel time.*

## SGA INTERNATIONAL MEETING

April 4-6, our global team (US, Canada, UK, New Zealand and Australia) will gather in California for an in depth time of advancing the work. With all the global changes in the world and missions, we can no longer function as we always have.

## NORTHERN ONTARIO

Two trips to our northern Ontario churches (Parry Sound & Emo) will strengthen our ties in ministry.

## TRIP TO UMAN, UKRAINE

The last two weeks of May will be spent with a group of 10 men in Uman, Ukraine, building a church. We have already met to plan and prepare everyone for a life changing experience. Some of our guys need financial assistance so anything you could do will be appreciated.

## PERSONAL

Your interest, prayers and concern for our lives is sensed every day. We need more people to partner with us financially as well. Many thanks to those who have given so generously. Call or write and let us know how we can serve together.

*Bill + Judy*

A bridge of hope to Russia.
